

# CBRAT Regions and Ecoregions

**Figure 1:** All regions from Marine Ecoregions Of the World (MEOW). The regions are further divided into 254 ecoregions.

**Figure 2:** The 9 ecoregions from the Northeast Pacific (NEP) region, which extends from the Gulf of California to the Aleutian Islands.

**Figure 3:** Polar stereographic projection of the 18 ecoregions from the Arctic region, including three in U.S. Arctic (Eastern Bering Sea, Chukchi Sea, and Beaufort Sea – continental coast and shelf).
